• **Veterinary Technician**

We have recently expanded into a brand-new facility and are looking to add to our team to complement our exceptional staff. We are looking for a Veterinary Technician that is currently registered or eligible to be registered. We would like you to be an integral part of our clientele experience working closely with our veterinarians. We have an in-clinic lab and provide digital x-rays including dental. We routinely have specialists in the clinic and perform a variety of surgical procedures. Our staff consists of new grads to seasoned veterans providing excellent mentoring possibilities. We have loyal staff with a combined 70 years of service with West Carleton Animal Hospital! Feel free to check out our staff and clinic at www.wcah.ca.
